

EV155 Offset Proofing

Validation 155 Premium Proofing Media is a competitively priced, 155 gsm paper base proofing media offering the look and feel of an actual offset press stock while demonstrating sufficient gamut to accurately proof commercial and publication print. The natural make up of the base material makes it ideal for mock-up work and will not crack when folded, while the pulp base ensures high opacity preventing show through.

White Point	96.0 0.0 0.0	CIE L*a*b* D50/2°
Shade Guarantee	+/- 1.0 Δb^*	variation batch to batch
Finish	Matte	
Weight	155 gsm	+/- 5
