
EV260PS Premium Photo Semi-Gloss

Validation 260PS Premium Photo is a competitively priced, 260 gsm premium photo media with a slight "orange peel" finish for use with both pigmented and dye-based ink sets. This media produces a large gamut with a 96 brightness producing highly saturated colors with extreme sharpness and detail. An excellent choice where image detail and dynamic range are important. Outstanding performance for both color and black & white prints.
